

How to use the Security Raters, after they are installed

Double click on the **Security Raters** icon.

A **Software License Agreement** appears. The Security Raters were developed in cooperation with the Underwriters Rating Board (URB). Click the **I agree** button or the **I do not agree** button, as appropriate.

The **Rater Menu** appears. Click the appropriate **Security Rater** button.

Click the **Click Here to Start** button.

The **Entry** screen appears.

Use the **arrow keys** or **your mouse**, not the **Tab key**, to navigate from cell to cell.

Please note the buttons at the bottom of the **Entry** screen.

Click each button and complete the next screen. When you leave the **Entry** screen, you will see a **Return to Entry** button on each of these other screens.

To rate, click **Rate**.

Print only from the **Print Quote Button**

Print Quote

If you print from the **File** drop down menu, the entire workbook of approximately 80 pages will print.
