## General Information - All lines of business

**No binders (either written or oral) can be issued to cover a prohibited class or to cover a permitted class for an amount in excess of the line limit schedule or to otherwise bind coverage not permitted by the underwriting guidelines herein.** In all cases, the Company is to be notified immediately of the issuance of any type of binder.

**All applications** for insurance **must be signed by the insured.** Agents cannot sign the application for an insured without a properly executed Power of Attorney authorizing same. All underwriting information requests on applications and any additional requests need a response. If there is a **dog, solid fuel stove, trampoline, or outdoor wood boiler** on the premises, kindly submit a supplemental questionnaire. The insured is attesting that the information on the application is a truthful disclosure when they sign the application. Incorrect or lack of underwriting information will result in refusal of coverage or coverage termination. In the event an application is submitted electronically, the agency needs to either retain a copy of the insured signed application in their agency records (scanned format is acceptable) or send the insured signed copy to the Company in a timely manner.

Any person, who knowingly and with intent to defraud any insurance company or other person files an application for insurance or statement of claim containing any materially false information, or conceals for the purpose of misleading, information concerning any fact material hereto commits a fraudulent insurance act, which is a crime, and shall also be subject to a civil penalty not to exceed five thousand dollars and the stated value of the claim for each such violation. THE INFORMATION REQUESTED ON THE APPLICATION IS MATERIAL TO SECURITY MUTUAL INSURANCE COMPANY IN ITS DECISION WHETHER TO ISSUE A POLICY OF INSURANCE.

**Agent of record / Broker of record changes AOR/BOR:** A signed broker of record change form must be received no later than the renewal date. A signed Lost Policy Release (LPR) must accompany the AOR/BOR if the renewal policy has been issued. A complete application must accompany the AOR/BOR. The current agent will have five business days to provide a rescinding letter to the underwriter. If the AOR/BOR is not rescinded and we receive a new application, the policy will be renewed in the new agency's name and agency code with a new policy number. If an insured wants to change agents mid-term, a new application and an LPR are required. LPRs or AOR/BOR Change Forms must be signed by the named insured.

**Animals owned by tenants or owner-occupants** showing vicious propensities or aggressive behavior shall be cause for exclusion, coverage cancellation or nonrenewal due to the obvious injury hazard.

**Building codes:** Insured properties must be in compliance with local or state **building codes.** The binding of risks with known **building code** violations is not permitted. Discovery of properties in violation of local or state **building codes** will be grounds for cancellation and or nonrenewal.

**Cancellations:** chronic nonpayment policyholders (defined as 3 or more per year for standard 6 or more per year for **Custom**) will not be reinstated and will be nonrenewed. Insured's must sign the **Lost Policy Release** (when used) and the LPR must reflect the desired cancellation effective date. If the effective date of cancellation is more than 90 days prior to our receipt of the LPR, we need the supporting evidence: proof of sale (if house sold) or copy of the replacement policy declaration page.

**Deductible:** Unless otherwise published in this manual, our minimum deductible is \$250.

**Down Payment** The appropriate down payment based on total annual premium is required to bind coverage for all new business applications unless the account is going to be mortgagee-billed.

**Downstate Business (five boroughs of New York City and Long Island):** business should be written by agents located downstate. For Upstate agents who have an insured with another location downstate, the insured must have Upstate business already written by Security Mutual and prior underwriting approval is required.

**Dry Hydrants:** are not considered to be an approved fire hydrant.

#### **E-bikes**

**Class 1 or Type 1:** Eligible for contents and liability coverage and are not considered "motor vehicles." Can be scheduled for special form coverage with a lower deductible. These are bicycles with electric assistance only when the person operating the bicycle is pedaling, and ceases to provide assistance when the bicycle reaches a speed of 20 mph.

**Class or Type 2 and 3:** Eligible for on-premises liability coverage only. For personal property and off-premises liability, agents need to recommend an e-bike or motorized vehicle policy.

#### **Exposures not eligible for standard coverage, no binding authority:**

- Water damage claims (of any kind) within the past 3 years
- Trampoline (may be eligible with approved questionnaire)
- Dogs with vicious propensities, aggressive behavior, or bite history
- In ground pools without proper fencing and locking gate
- Above ground pools without a locking ladder or locking gate to pool deck
- Underground fuel storage tanks (exception: propane tanks are acceptable)
- Garage with combustibles heated with solid fuel
- Knob and tube wiring, Aluminum Wiring, **less than 100 amp. service**
- Federal Pacific Electric (FPE) circuit breaker panels with Stab-Lok circuit breakers
- Siding that contains asbestos

In addition, there is no authority to bind, without **prior underwriting approval**, in the following circumstances:

- Risks with any prior fire losses
- Risks with two or more losses within the prior five years
- As identified elsewhere in this Underwriting Program Guide

**Exposures not eligible for Custom coverage, no binding authority:**

- No coverage is available for any product located in the 5 boroughs of New York City. (exception: Landlord Package written in the Custom Security Mutual Program)
- Dogs with vicious propensities, aggressive behavior, or bite history.
- Above ground pool without locking ladder or locking gate to pool deck
- In ground pools without proper fencing and locking gate
- Garage with combustibles heated with solid fuel
- Federal Pacific Electric (FPE) circuit breaker panels with Stab-Lok circuit breakers, less than 100 amp. service
- Risks with any prior fire losses or properties with unrepaired fire or water damage.
- Risks with two or more losses within the prior five years
- As identified elsewhere in this Underwriting Program Guide

**Farm Barns without hay storage:** not eligible for Special Form Coverage or replacement cost valuation.

**Farm Barns with hay storage:** refer to Custom program.

**Farms Barns with business property:** review with commercial lines underwriter

Insureds or additional insureds who have been **convicted of fraud** are not permitted. Company discovery of **fraud convictions** will be grounds for cancellation or nonrenewal.

**Inflation guard forms:** These forms will be added to all new business and renewal business unless a dwelling is vacant or unoccupied or dwelling is a manufactured mobile home.

**Insurance-To-Value (ITV):** Although the best estimate of replacement cost comes from a local contractor, kindly provide an industry replacement cost estimator if replacement cost coverage on the building is desired. An over-insurance letter can be provided if over-insurance is required by the mortgagee.

Failure to comply with hazard reducing **loss control recommendations** will be grounds for a reduction in coverage or coverage termination.

**Liability Coverage:** is required on all Personal Lines standard policies. Policies without liability should be written in our Custom programs unless the liability is extended from another Security Mutual Policy. Exceptions require underwriting approval.

**Misrepresentation:** We will not insure risks for which an insured has misrepresented or provided incomplete policy application or anti-arson application information, or misrepresented claim information. Misrepresentation will be grounds for considering all coverage null and void.

**Named insured overseas residences and policyholder mailing addresses** are unacceptable. They impair the Company's ability to ensure statutorily timely delivery of required mailings. Such insureds also present the potential for exorbitant travel expenses, under certain policy terms, which established rates do not contemplate. Resolution: overseas

named insureds need to establish a Power of Attorney for matters insurance related, granting authority to a local individual with a local mailing address. The policy would then be issued with the Named Insured c/o the individual with the Power of Attorney and their mailing address. A copy of the Power of Attorney authorization is needed for our files.

**Named Insured Changes:** Security Mutual does not accept endorsement requests for changes to named insureds. Rather, we require that a new application be completed for a new insurance policy with the new named insured. New business underwriting guidelines will apply. There is an exception for a surviving spouse and family members who, based on the definition of the named insured in the policy, could be a named insured in the contract. However, we counsel all agents to verify that the surviving family member is, in fact, a deed owner so as to ensure proper establishment of insurable interest and to mitigate the agency's errors and omissions exposure. A new application may be necessary if there is a change of occupancy.

**Policy change requests need to be signed by the named insured** in the following case: Removal of a name (request needs to be signed by the person being removed). If you are reducing coverage, increasing the deductible, or taking any coverage away, for your errors and omissions protection, we highly recommend that you retain a document, signed by the named insured, of the requested policy changes.

**Prior carrier** information must be provided. Please do not use "None" or "N/A" when posting prior carrier information. Rather, be more specific by indicating: "new purchase," "first time buyer" or "insured has gone without coverage for a period of time." There is no authority to bind any business where the "insured has gone without coverage for a period of time." Please call our underwriting department for **prior approval**. Coverage expiring with, the **FAIR Plan or some other substandard market** is unacceptable unless conditions which prompted placement in those facilities have been completely removed or rectified. **Prior underwriting approval** is required if the agency feels this is the case.

**Prior losses:** all of our applications request prior loss experience of the named insured. Please provide information on any and all losses for the named insured, regardless of the location or the carrier, as this is part of our underwriting acceptance consideration.

**Prior underwriting approval:** Submit inquiries to the underwriting for permission to bind a permitted class for **limits higher than the underwriting authority** shown herein, giving complete information on risk including total amount of insurance subject to one loss. Applications submitted with prior underwriting approval need to identify the underwriter providing the approval, provide an explanation of what was specifically discussed and approved and the date of approval. Risks **declined, cancelled or nonrenewed** by Security Mutual Insurance Company or by other carriers, for any reason, require **prior approval from the underwriting department**. Risks nonrenewed by Security Mutual due to agency suspension are also not acceptable without **prior underwriting approval**.

**Property outside of agent's territory:** these risks are generally unacceptable. Call underwriting for exceptions or accommodations. **If you cannot physically inspect the risk, then this would be out of your territory.**

**Replacement cost eligibility:** When the market value of certain risks is so much lower than the replacement cost, we may not want to insure to replacement cost and thus create a moral hazard. If the market value or purchase price is less than 33% of the estimated replacement cost, contact the underwriting department to discuss replacement cost eligibility.

**Shared driveways, shared liability:** we would prefer to insure all premises rather than split the liability exposure with a different carrier. If not possible, find out who is responsible for maintaining the shared driveway and ask if the other party has insurance.

**Solar panels mounted on roof:** solar panels need to be professionally installed, life expectancy of the roof needs to be equal to or greater than the life expectancy of the solar panels, requires installation of external shut-off to reduce the risk of electrocution of emergency personnel. Tell us if the solar panels are owned or rented.

**Broad or Special form coverage on secondary, seasonal, or short-term rental exposures require the following:**

1. The home is accessible year round
2. The roof is 25 years old or newer
3. There is central heat
4. The home is not built on piers
5. They winterize the home by draining the pipes or,
6. They maintain heat with a low temperature alarm and,
7. They have a water shut-off device

**Weather:** In the event of public reports of an impending or actual blizzard, hurricane, tornado, windstorm or other natural disaster, no additional coverage may be bound or added to any policy. Underwriting approval will be required for policy change requests received within 30 days following a storm that resulted in a binding moratorium.

## ELIGIBILITY

- Five (5) employees or less – Including the owner (**Submit to Underwriting if more than 5 employees including the owner**)
- Primarily Residential work – **Refer Commercial work to Underwriting**
- Any Commercial work accounting for more than 10% of the insured's total business must be referred to Underwriting for binding approval. **Note that we are especially concerned about any commercial work above two stories.**
- Minimum three (3) years or more experience in the class
- Firms with Gross Receipts less than \$1,500,000
- Less than 35% of work subcontracted to others
- Year-round operations are preferred – Refer **Operations that are not year-round to Underwriting**

- **Suburban Zone 1 - Nassau, Suffolk and Westchester**
  - **Must charge for a minimum of two full-time employees – Coverage for any work done in Bronx, Queens, Kings, Richmond and New York will not be provided**
- **Suburban Zone 2 – Putnam and Rockland**
- **New York City** – Bronx, Queens, Kings, Richmond, New York - **Artisan Program not available at this time**

## UNDERWRITING GUIDELINES and INFORMATION

- Policyholders are expected to comply with hazard reducing loss control recommendations.
- If the business is operated from the insured's home, and customers will come to the home, we will require proof of Homeowners insurance with liability limits equal to the Artisan Program limits of liability. We prefer, but will not require, that the Homeowners be insured with Security Mutual.

- Additional Insured requests must be sent to Security Mutual for approval before issuing a Certificate of Insurance. With our emphasis on insuring contractors doing residential work, we would not expect a high volume of Additional Insured requests from any one insured. Copies of Certificates of Insurance issued by an agent must be sent to Security Mutual. Certificates of Insurance must include a note regarding the type of work being done by the insured.
- Any individual tool or item of contractor's equipment valued at over \$5,000 must be scheduled.
- We will accept another carrier's Artisan specific application for quoting purposes but prefer the Security Mutual Artisans Application. We will require the SMIC Artisans Application to bind coverage.
- We prefer to have currently valued hard copy loss runs for the expiring year and 3 prior years. If not available for quoting, they will be required to bind coverage. Insured's operating without insurance must provide a signed statement of no known loss for the period they have operated without insurance.

### **LIABILITY PREMIUM BASIS**

Premium is determined based on the number of full-time or part-time employees.

- A full-time employee is an employee working more than 20 hours per week
- A part-time employee is an employee working 20 hours or less per week

Owners are to be included in the number of employees. An employee includes anyone paid either a salary or via a 1099 form. The minimum annual premium is the premium for one full-time employee in the applicable eligible class. Individuals engaged strictly in clerical operations, other than owners, and inactive corporate officers will not be included as employees. An inactive corporate officer is one who is not involved in the day-to-day operations of the business.

If casual labor is hired for more than 20 hours per week, a full-time employee should be added.

If casual labor is hired for less than 20 hours per week, a part-time employee should be added.

### **RENEWAL UPDATES**

A letter and Renewal Questionnaire will be sent to the insured with each renewal policy. The Renewal Questionnaire will include space to update the number of employees, information about operations and sub-contractors and tools and equipment. If the Renewal Questionnaire is not returned to Security Mutual, the next renewal will be updated to reflect an additional full-time employee for the Suburban Zone and an additional part-time employee for the Remainder of State Zone.

## **BILLING**

Billing will be on a Direct Bill basis. Premiums can be paid in full or on an installment basis. Payments may be made by check, money order, credit card or ACH. [Multiple payment plans are available based on the minimum policy premium:](#)

<b>Full Pay</b> 100% Down	<b>Biannual</b> 30% Down, \$200 minimum Minimum	<b>Quarterly</b> 40% Down, \$200
<b>3 Pay</b> 40% Down, \$100 minimum	<b>6 Pay</b> 25% Down, \$200 minimum	<b>9 Pay</b> 25% Down, \$400 minimum

A \$6.00 service fee is charged on each billed installment excluding the down payment. Premium can also be paid via Electronic Fund Transfer (EFT). No service fees are charged when EFT is utilized. EFT is encouraged for newly written Artisan accounts, where there is no prior insurance.

We will offer reinstatements in the event of non-pay cancellations, but in no case after 3 non-pay cancellations in the same policy period will we reinstate without full payment of the remaining balance. Full payment would be required in the case of any renewals for the account.

Non-payment can be a problem with this class of business. Collecting larger down payments or encouraging payment in full can help with retaining business.

## UNDERWRITING GUIDELINES and INFORMATION

Risks must be in **average to above average condition** with acceptable housekeeping, maintenance and upkeep. Policyholders are expected to comply with hazard reducing loss control recommendations.

## BASIC POLICY FORMS

Three basic policy forms are offered: the Standard Policy (LS-1 Form), the Deluxe Policy (LS-5 Form) and the **Ultra** Policy (LS-6). The LS-5 form and LS-6 form can be written on Standard, Deluxe and **Ultra** BOP's. The LS-6 form is available on a Deluxe BOP. Both Building and Business Property can be written on either a Replacement Cost or Actual Cash Value basis on either policy form. However, please note the following distinction between these two policy forms.

Standard Policy: Property coverage is provided on a specified cause of loss basis

Deluxe and Ultra Policy: Property coverage is provided on a covered cause of loss not excluded basis. In addition, the three BOP policy forms are distinguished as follows:

## **DWELLING FIRE - Standard**

This line of business guide is intended to be referenced in conjunction with the Prohibited Classes and General Information – All lines of business section (p.3) of this Program Guide.

The Security Mutual Insurance Dwelling Fire Program provides coverage for risks that may not qualify for the *ULTR*Security Homeowners, Homeowners or Manufactured Mobile Homeowners policies, or for the Landlord Package.

### **BINDING AUTHORITY**

Risks **declined, cancelled or nonrenewed** by Security Mutual Insurance Company or by other carriers, for any reason, require **prior approval from the underwriting department**.

### **MAXIMUM LIMITS**

Coverage A (Building)

PROTECTED

\$750,000\*

UNPROTECTED

\$350,000\*

\* **Higher Limits are available** with prior underwriting approval

### **MINIMUM LIMIT**

\$ 30,000\*\*

\*\*Seasonal or secondary dwellings are subject to the above minimum. However, if Security Mutual also insures the primary home, a \$15,000 minimum applies.

Binding authority is also **subject to the Underwriting Guidelines** below.

### **UNDERWRITING GUIDELINES AND INFORMATION**

Dwellings must be in **average to above average condition** with acceptable housekeeping and upkeep. Policyholders are expected to comply with hazard reducing loss control recommendations; **multiple dwellings can be insured on the same policy if they are on the same deed**.

Active **farms** are not eligible for coverage.

**Animals owned by tenants or owner-occupants** showing vicious propensities or aggressive behavior shall be cause for exclusion, coverage cancellation or nonrenewal due to the obvious injury hazard.

**Builders' risks:** when construction completion is expected to take longer than 180 days. The broadest coverage available is the FL-1R with EC and VMM. Coverage is to be written at 100% of the completed value. During the first year, the builder's risk rate is 55% of the regular rate. Thereafter, the full rate and premium are charged. If FL-OLT is added to the policy, the LS-8 is required. **Not eligible:** builder's risk to be sold upon completion; refer to [Custom Program](#).

**FL-1 Basic Policy Form:** This form is the broadest coverage available for dwellings with open or pier foundations or without central heat.

**FL-2 Broad Form:** Maximum coverage available for: dwellings with roofs over 25 years old or with boat access only.

**FL-3 Special Form** Only available on occupied dwellings with a roof that is 25 years old or less. This coverage is available on seasonal or secondary dwellings as long as :

1. The home is accessible year round
2. The roof is 25 years old or newer
3. There is central heat
4. The home is not built on piers
5. They winterize the home by draining the pipes or,
6. They maintain heat with a low temperature alarm or,
7. They have a water shut-off device

Not eligible: Dwellings with flat roofs and attached to other structures, dwellings located in zone 2, vacant or unoccupied dwellings, dwellings built on piers or without central heat.

**FL-16 Incidental Business Activity Endorsement:** available for incidental office or business occupancies.

**FL-59/ML-59 Lead Exclusion** will be added to all multi-family homes, vacant, unoccupied or homes that are under renovation, and to homes that have any rental exposure.

**General Liability** coverages may be added to a Dwelling Fire Policy.

**Hunting or sports camp** open to the public are not eligible.

The dwelling must be primarily used for residential purposes. **Incidental business or office occupancy** is allowed when occupied by owner or resident of the dwelling. No incidental or business occupancies are permitted in New York City.

**Pools on rented premises:** We would prefer to avoid rentals on homes, primary or secondary, with pools altogether, however, we will consider exceptions with underwriting approval. To consider a home for an exception, we would like the pool surrounded by a perimeter fence with a locking gate to prevent access to the pool when it is not in use and a Hold Harmless agreement clearly stating that the tenants are using the pool at their own risk. If there is direct access from the home to the pool area, there needs to be a door alarm and/or floating alarm to alert tenants of someone being in the pool area.

**Tenant occupied mobile homes** may be written but require prior underwriting approval. They are subject to a maximum age of 12 years at time first written. See **Mobile Home Program** underwriting guidelines for additional requirements.

Dwellings **must be occupied** at effective date or within 45 days after inception.

**Seasonal rented dwellings** may be written but require prior underwriting approval. See Landlord Package underwriting guidelines for additional requirements. We do not wish to insure rental dwellings that are not managed directly by the insured or someone employed by the insured to manage the insured's property. **Management Companies** are not acceptable. **Canoes, paddle boats, kayaks, row boats** available for use by tenants require a separate commercial fire policy (boats, no motor, for hire). Signed waiver, including statement that crafts are not available for rent by the public and are for the sole use by tenants with permission, is required. **Year-round rentals** should be written in our Landlord Package Program

**Student occupancies** are not permitted. Refer to **Custom Program**.

Only **Solid Fuel Burners** (SFB) that have been professionally and properly installed and properly maintained are permitted. Completion of our SFB Questionnaire is required. Dwellings where the SFB is the only source of heat, and there is no permanent back-up, qualify for the FL-1 Basic Form only. SFBs used in garages are not acceptable. **Outdoor Wood Boilers** must be professionally installed; completion of our Outdoor Wood Boiler Questionnaire is required.

**Vacant or Unoccupied Dwellings** – Under most circumstances these are not eligible for Standard coverage, refer to a **Custom Program**. Coverage may be available to existing Security Mutual Homeowner policyholders. The vacant or unoccupied dwelling is subject to prior underwriting approval. Maximum coverage available is FL-1 with EC and no VMM and the appropriate surcharge.

**Year-round rentals** should be written in our Landlord Package Program.

Binding authority is also **subject to the Underwriting Guidelines** below.

## **UNDERWRITING GUIDELINES and INFORMATION**

**Coverage is available:** One to four family owner occupied dwellings; seasonal or secondary dwellings; tenants; condominium owner-occupied units; modular homes installed on permanent foundations; doublewide mobile homes sitting over a cellar or on a continuous masonry foundation. (Continuous masonry foundation shall mean an uninterrupted wall of masonry – cinder or cement block – extending from below grade level up to the building and enclosing the base of the building or mobile home). Dwellings must be in **average to above average condition** with acceptable housekeeping, maintenance and upkeep. Policyholders are expected to comply with hazard reducing loss control recommendations.

**ML-1R Basic Policy Form:** This form is the broadest coverage available for dwellings with open or pier foundations or without central heat.

**ML-2 Broad:** Maximum coverage available for: dwellings with roofs over 25 years old; seasonal or secondary dwellings (see below for ML-3 eligibility); homeowners intending to replace their roof in the first year of coverage; homes with boat access only. ML-2 is the maximum coverage available for Builder's Risk policies if construction will be completed within 180 days. (Note: Our Homeowners product may be used for Builder's Risk exposure only when completion is scheduled within 180 days of inception). When construction is scheduled to last more than 180 days, coverage may be considered in our Dwelling Fire Program. **Not eligible:** builder's risk to be sold upon completion.

**ML-3 Special:** There is a 25-year-old roof threshold for acceptance. This coverage is available on seasonal or secondary dwellings as long as:

1. The home is accessible year round
2. The roof is 25 years old or newer
3. There is central heat
4. The home is not built on piers
5. They winterize the home by draining the pipes or,
6. They maintain heat with a low temperature alarm or,
7. They have a water shut-off device.

Attached dwellings with a flat roof are not eligible. ML-3 is available on ACV policies unless the home is located within zone 2 (see **zone 2** specific information)

**ML-4 Tenants:** MAY NOT be written in the name of two unmarried or unrelated persons. A separate policy is needed and may be issued for each. (Note: Regular HO may be written in the name of two unmarried or unrelated persons if both are on the deed and live in the home). Tenant policies are not eligible for nonsmoker credit if there is more than one rental unit in dwelling. The total number of rental units in the building is needed for rating purposes. Not available for tenants of manufactured mobile homes. (Note: Manufactured mobile home tenants may be written in our Dwelling Fire Program if the mobile home is 12 years old or newer. Please refer to **Custom** program for older mobile homes). See the **SMIC-ML-38** for landlords who want to be listed as additional interests for notification purposes only.

**ML-5 Form:** Available on HIGH QUALITY homes, insured to at least 90% of replacement cost and less than 40 years old OR fully renovated within the last 40 years at time of attachment. Roof must be 25 years old or newer. Replacement cost estimator is required. This coverage is not available on seasonal dwellings. ACV is not available with the ML-5.

**Not eligible:** Dwellings with flat roofs; attached dwellings; seasonal or secondary homes; townhouses; mobile homes; homes located in **Zone 2**; homes built on open pier foundations.

**ML-16 Comparable Value Endorsement:** For well-kept homes, in good condition, and the insureds choose to insure the home for less than 80% but at least 50% of the estimated replacement cost on an actual cash value basis. This form, at no additional cost, eliminates the co-insurance penalty on partial losses.

**ML-23 Additional Household Member Coverage** This form provides personal property and comprehensive personal liability coverage to an additional household member who is not on the deed or not married or related to the named insured. (Note: Not available on tenant policies (ML-4 Form). Available for condo policies (ML-4 with the ML-31 or ML-32 forms). The additional household member is to be listed by name on the form.

**ML-24A Residence Special Loss Settlement Endorsement** (similar to the industry's "Guaranteed Replacement Cost" with a 125% limitation) Roof, plumbing, heating and electrical systems need to have been fully updated within the last 20 years. Coverage A must be written at 100% replacement cost with a mandatory inflation. It may be written on ML-2, ML-3 and ML-5 only. Not available on seasonal or secondary dwellings, unless we also write the primary Homeowners insurance. Not eligible: homes that contain lead or asbestos.

**ML-29 Assisted Living Care Facility Resident Coverage** extends personal property (10%) and personal liability coverage to someone who does not live with the insured but who is related to the insured by blood, marriage or adoption, and who regularly resides in an assisted living care facility located in New York State. The name of the individual and the name of the facility are listed on the form.

**SMIC-ML-38 Additional Interest Form** for Landlords who want to be named on Tenant Homeowners policies for notification purposes only.

**ML-55 Replacement Cost Personal Property:** Secondary or seasonal dwellings minimum Coverage A limit is \$75,000. Tenants (ML-4) Form minimum personal property limit is \$10,000. Not available until premises are occupied by insured. Not available on policies with the ML-1R perils form.

**ML-59 Lead Exclusion** will be added to all multi-family homes, vacant, unoccupied or homes that are under renovation, and to homes that have any rental exposure.

**ML-64H Higher Limits on Certain Property** increases the sublimit of certain classes of personal property when the ML-147, ML-148, ML-150, ML-150A or SMIC-ML-150C is on the policy. Contact the underwriting department for maximum limits available.

**ML-65H Higher Limits on Certain Property:** Increases the sublimit of certain classes of personal property when the ML-147, ML-148, ML-150, ML-150A or SMIC-ML-150C is not on the policy. Contact the underwriting department for maximum limits available.

**ML-70 Additional Residence Rented to Others:** This form is no longer offered unless the rented dwelling is on or next to the described location.

**ML-72 Added Water Damage Coverage** Allows the purchase of additional Water Backup coverage in excess of the ML-150, ML-150A or SMIC-ML-150C (\$2,500) up to **\$20,000**. Premium charge is only for the limit in excess of \$2,500. Not available on secondary dwellings. Total limit including the \$2,500 from the ML-150, ML-150A or SMIC-ML-150C is listed on the form.

**ML-147 Homeowners' Increased Coverage:** Broadest coverage available on seasonal/secondary homes

**ML-165A Storm/Hurricane Shutters** enables a credit for residences with conforming shutters on all window and door openings.

**ML-166 Hurricane Resistant Glass** enables a credit for dwellings with approved hurricane resistant glass throughout the entire dwelling.

**ML-189 Identity Fraud** Mandatory on all new and renewal business. Not available on seasonal or secondary homes.

**ML-346A Mechanical, Electrical or Pressure System Breakdown.** Mandatory on all new and renewal business.

**ML-373H Hurricane Deductible** is mandatory and only available in Kings, Nassau, Queens, Richmond and Suffolk Counties. A \$1,000 deductible applies for all Category 1 hurricanes (determined by the Saffir-Simpson Hurricane Scale). The hurricane deductible for all Category 2 and higher storms is determined by a percentage of the Coverage A limit (see rating manual). There is no change in our coastal underwriting guidelines. Note: This deductible does not apply to ML-4 policies.

**ML-375 Siding or Roofing Matching Coverage** enhances coverage (up to 10% of Coverage A) in the event the materials at the time of a covered loss are no longer available. Dwelling must be 25 years old or newer at time of this coverage attachment; not available on t-lock shingle roofs or faded siding.

**ML-430 Renewal Endorsement** enables continuous renewal by certificate rather than with a complete set of forms at each renewal.

**Actual Cash Value – Residence Coverage A:** available to insureds who do not want to insure the home to 80% of the estimated replacement cost. 50% of replacement cost is required to qualify for the **ML-16. (See above)**

**Animals owned by tenants or owner-occupants** showing vicious propensities or aggressive behavior shall be cause for exclusion, coverage cancellation or nonrenewal due to the obvious injury hazard.

**Bed and Breakfasts - Owner occupied** may be written on a Homeowner's Policy with up to four rooms by using the three and four family homeowners rating and adding the **ML-42** Form. The number of rental rooms must be stated on the application.

**Boats** can be added (**MR-51 Physical Damage, ML-75 Liability**) to a Homeowner Policy with a 25% discount. Watercraft with inboard, inboard/outboard or outboard motors less than 50 HP and sailboats less than 26 feet are automatically covered under Coverage L and M. Sailboats, Inboard-outboard and Outboard engines only are permitted for Physical Damage (**MR-51**). Inboard motorboats are not eligible for Physical Damage coverage.

**Required information:**

**Boat with outboard motor:** year, make, model, serial number, length, value of the boat; year, make, model, serial number, horsepower, value of the motor.

**Inboard/Outboard boat:** year, make, model, serial number, length, horsepower, value, maximum speed, navigation period.

**Inboard Boat:** description of boat, speed, length, maximum speed, navigation period.

Maximum Horsepower: 260

**Canoes, paddle boats, kayaks, row boats** available for use by tenants require a separate commercial fire policy (boats, no motor, for hire). Signed waiver, including statement that crafts are not available for rent by the public and are for the sole use by tenants with permission, is required.

**Business outbuildings** are not eligible for coverage.

**Condominiums:** Use the ML-4/ML-4T for contents, the ML-31 or ML-32 for inside walls and fixtures coverage and the ML-35 with at least \$10,000 for loss assessment coverage.

**Corporal Punishment** coverage part under Business Pursuits coverage is not available as it is prohibited by statute.

**Day Care** coverage may be written for childcare or babysitting under the **ML-42** when there are no more than three children total. Named insureds' children count if under school age.

**Earthquake Coverage (ML-54)** requires prior underwriting approval. Coverage must be written on ML-2, ML-3 or ML-5 forms. Coverage A limit must reflect 80% replacement cost.

**Farm properties** are not eligible for coverage unless the farm is a "GENTLEMEN'S FARM" for personal use only. Farm outbuildings could be referred to **Custom Program**.

**Farmers CPL (ML-10)** is allowed for INCIDENTAL FARMING, i.e. personal consumption, cutting hay or renting out property, ONLY.

All **Named Insureds** must reside in the same unit in multi-family dwellings.

**New home discounts** of 5-10% are available – see Rating Manual.

**Non-smoking credit of 10%** is available. Insured must warrant that all residents of the household have been non-smokers for at least one year. If a smoker becomes a permanent resident, company must be notified within 30 days and loss of credit will result until such time that smoker moves or meets the one-year non-smoking requirement. This credit is not available on ML-4 Tenant's form unless the tenant occupies a one family home. The credit is available on two through four family owner-occupied homes only if the owner can warrant that all residents are non-smokers.

**Private structures rented to others on premises (ML-40)** maximum limit is less than Coverage A. If higher limits are needed, a Landlord Package policy should be written. Private structures occupied by a family member (even if no rental income is collected) are considered rented to others as there is a separate household. If furnished for vacation rentals, use the **ML-42** form.

**Renewal credit of 5%** is offered automatically, after the first renewal. It is also available when an existing policyholder purchases a new home or when coverage is canceled and rewritten (after the first renewal) in the *UltraSecurity* Program.

**Replacement cost eligibility:** When the market value of certain risks is so much lower than the replacement cost, we may not want to insure to replacement cost and thus create a moral hazard. If the market value or purchase price is less than 33% of the estimated replacement cost, contact the underwriting department to discuss replacement cost eligibility.

**Retail occupancies/operations** are not allowed under incidental business coverage (ML-42) unless operated for less than 20 hours per week. Prior underwriting approval of such risks is required.

**Satellite Dish coverage (ML-49):** Only the cost of the outside components should be insured on this form, as the inside receiver is covered under personal property.

**Seasonal or secondary properties:** The primary homeowner's policy is desired, but not required, as supporting business. ML-3 coverage is available as long as: the dwelling is accessible by road year-round; the roof is 25 years old or newer; there is a central heat source, and the home is not built upon piers. Otherwise, ML-2 is the maximum coverage available. ML-1 is the maximum coverage available for dwellings built on piers. ML-55 Replacement Cost Contents coverage is only available if the Coverage A limit is \$75,000 or more. No off-premises Coverage C, L or M is provided.

Only **Solid Fuel Burners** (SFB) that have been professionally and properly installed and properly maintained are permitted. Completion of our SFB Questionnaire is required. Dwellings where the SFB is the only source of heat, and there is no permanent back-up, qualify for the ML-1R form only. SFBs used in garages are not acceptable. **Outdoor Wood Boilers** must be professionally installed; completion of our Outdoor Wood Boiler Questionnaire is required.

**Students – Full Time** away from home are covered under the policy for up to 10% of Coverage C, or \$2,500 whichever is greater, and for liability.

**Superior home credit (10%):** 40 years or newer with a 25-year-old roof, or full updates in last 20 years; Coverage A limit must be at least 90% of replacement cost; \$75,000 minimum Coverage A limit; \$100,000 minimum CPL limit; agency must request the credit. Not available with ML-1 coverage form, homes located in zone 2, or on doublewides. Only available on seasonal or secondary homes if we also insure the primary – even if the primary is not eligible. Available on homes located in Zone 1 only.

**Swimming Pools** – inground pools require a perimeter fence with gate that locks, above ground pools require locking ladder or locking gate if there is a deck. **Pools and the rental of residence charge:** We would prefer to avoid rentals on homes, primary or secondary, with pools altogether, however, we will consider exceptions with underwriting approval. To consider a home for an exception, we would like the pool surrounded by a perimeter fence with a locking gate to prevent access to the pool when it is not in use and a Hold Harmless agreement clearly stating that the short-term tenants are using the pool at their own risk. If there is direct access from the home to the pool area, there needs to be a door alarm and/or floating alarm to alert tenants of someone being in the pool area.

**T-lock shingle roofs** are acceptable with a \$1,000 deductible, ML-3 Special Form if the roof is 25 years old or newer; the ML-375 Siding and roofing matching is not available.

**Trampolines:** will be excluded, signed ML-52 Trampoline Exclusion required. To request the removal of the exclusion, submit a signed Request to Remove the ML-52 Trampoline Exclusion with a completed Trampoline Questionnaire.

**Vacation Rentals** (Airbnb, Inc. Vrbo®): rental of residence surcharge for up to three months is available when the whole home is made available to short term tenants. For rentals of the whole home, greater than three months, use a Landlord Package with a seasonal charge (for year-round vacation rentals) or a seasonal Dwelling Fire policy (for homes that are closed up for the winter). Use the **ML-42** if up to four rooms in the home or another structure on the premises is available for short-term rentals.

**Zone 2 Specific:** ML-3 Coverage Eligibility - \$500 minimum deductible; RCV (80%) required; roof is newer than 25 years old; risks that have been in the NY Fair Plan, cancelled or non-renewed are not eligible; There must be 12 feet of separation between dwellings and can be no losses within the last five years regardless of the form of coverage. The superior home credit is not available. Note: **Zone 2 applicability** is a function of the responding Fire Department, not necessarily the location address.

### **UNDERWRITING GUIDELINES and INFORMATION**

The Security Mutual Insurance **Custom** Homeowners Program provides coverage for one- or two-family owner-occupied dwellings; seasonal or secondary dwellings; renters (ML-4) modular homes installed on permanent foundations; doublewide mobile homes sitting over a cellar or on a continuous masonry foundation. (Continuous masonry foundation shall mean an uninterrupted wall of masonry – cinder or cement block – extending from below grade level up to the building and enclosing the base of the building or mobile home). Dwellings must be in **average condition** with acceptable housekeeping, maintenance and upkeep. Policyholders are expected to comply with hazard reducing loss control recommendations.

**ML-1 Basic Policy Form:** Agents may bind this coverage form.

**ML-2 or ML-3** are available but require prior underwriting approval.

**ML-4 Tenants:** MAY NOT be written in the name of two unmarried or unrelated persons. A separate policy is needed and may be issued for each. (Note: Regular HO may be written in the name of two unmarried or unrelated persons if both are on the deed and live in the home). The total number of rental units in the building is needed for rating purposes. Not available for tenants of manufactured mobile homes. Refer to [Custom](#) Mobile Homeowners Program.

**ML-14 punitive damages exclusion**

**ML-19 policy endorsement (excluding willful acts)**

**ML-52A trampoline exclusion added to all policies**

**ML-55 Replacement Cost Personal Property: Is available subject to minimum limits noted earlier.** Not available until premises are occupied by insured. Not available with ML-1.

**ML-59 Lead Exclusion** will be added to all multi-family homes, vacant, unoccupied or homes that are under renovation, and to homes that have any rental exposure.

**ML-87 exclusion-Asbestos, Dioxin PCP**

**ML-189 Identity Fraud** Mandatory on all new and renewal business. Not available on seasonal or secondary homes.

**ML-346A Mechanical, Electrical or Pressure System Breakdown.** Mandatory on all new and renewal business.

**ML-347 capped mold remediation endorsement added**

**ML-373H Hurricane Deductible** is mandatory and only available in Nassau and Suffolk Counties. A \$1,000 deductible applies for all Category 1 hurricanes (determined by the Saffir-Simpson Hurricane Scale). The hurricane deductible for all Category 2 and higher storms is determined by a percentage of the Coverage A limit (see rating manual). **There is no change in our coastal underwriting guidelines.** **Note:** This deductible does not apply to ML-4 policies.

**ML-430B Renewal Endorsement** enables continuous renewal by certificate rather than with a complete set of forms at each renewal.

**Actual Cash Value (ACV) – Residence Coverage A:** All properties older than 1940 will be written on actual cash value basis. Other properties whose owners choose not to insure the home to 80% of the estimated replacement cost will also receive actual cash valuation.

**Animals owned by tenants or owner-occupants** showing vicious propensities or aggressive behavior shall be cause for exclusion, coverage cancellation or nonrenewal due to the obvious injury hazard.

**Boats** can be added (**MR-51 Physical Damage, ML-75 Liability**) to a Homeowner Policy. Watercraft with inboard, inboard/outboard or outboard motors less than 50 HP and sailboats less than 26 feet are automatically covered under Coverage L and M. Sailboats, Inboard-outboard and Outboard engines only are permitted for Physical Damage (**MR-51**). Inboard motorboats are not eligible for Physical Damage coverage.

**Required information:**

**Boat with outboard motor:** year, make, model, serial number, length, value of the boat; year, make, model, serial number, horsepower, value of the motor.

**Inboard/Outboard boat:** year, make, model, serial number, length, horsepower, value, maximum speed, navigation period.

**Inboard Boat:** description of boat, speed, length, maximum speed, navigation period.

Maximum Horsepower: 260

**Business outbuildings** require prior underwriting approval.

**Deductible:** Minimum deductible is \$500

**Farm properties** are not eligible for coverage. Farm outbuildings could be considered under **Dwelling Fire Program**.

All **Named Insureds** must reside in the same unit in multi-family dwellings.

**Replacement cost eligibility:** Risks may be eligible if year of construction is 1940 or newer. If this is a new purchase and/or if the market value is less than 33% of the estimated replacement cost, contact the underwriting department.

**Seasonal or secondary properties:** The primary homeowner's policy is not required. ML-1 is the maximum coverage available for seasonal or secondary dwellings. ML-55 Replacement Cost Contents coverage is not available.

**Students – Full Time** away from home are covered under the policy for up to 10% of Coverage C, or \$2,500 whichever is greater, and for liability

**Swimming Pools** – inground pools require a perimeter fence with gate that locks, above ground pools require locking ladder or locking gate if there is a deck.

Only **Solid Fuel Burners** (SFB) that have been professionally and properly installed and properly maintained are permitted. Completion of our SFB Questionnaire is required. Dwellings where the SFB is the only source of heat **DO NOT** qualify for Homeowners but are eligible for Dwelling Fire Program. **Outdoor Wood Boilers** must be professionally installed; completion of our Outdoor Wood Boiler Questionnaire is required.

### **UNDERWRITING GUIDELINES and INFORMATION**

**Eligibility:** one- or two-family owner-occupied dwellings. **Dwellings in course of construction** are not eligible unless they will be completed and occupied as a primary home within 30 days. (See the Standard HOMEOWNERS Program if the Dwelling will be completed within six months or the DWELLING FIRE Program if completion will be more than six months). **Dwelling Age:** 40 years or less or complete plumbing, electrical and heating system updates within last 40 years. **Roofs** must be 25 years old or less. **Coverage A** must be insured to at least 90% replacement cost and **replacement cost estimator** is required with the application. Coverage and pricing are targeted to the **above average dwelling** with regard to housekeeping, maintenance, upkeep and prior loss experience. Policyholders are expected to

comply with hazard reducing loss control recommendations. No claims within the past five years.

**Not eligible:** Dwellings with flat roofs; attached dwellings; seasonal or secondary homes; townhouses; mobile homes; homes located in **Zones 2-7**; homes built on open pier foundations; homes with boat access only; builder's risk to be sold upon completion.

**ML-5 Form:** This is the only form available with the ULTRA Security Homeowners Policy. Note: This form includes Replacement Cost on Personal Property (Coverage C). Both buildings and contents are covered by Special Form perils. If risk conditions change and coverage is available with another perils form, coverage must be cancelled and rewritten in the **Standard Homeowners Program** (system restrictions do not allow endorsement to another form).

**ML-23 Additional Household Member Coverage:** This form provides personal property and comprehensive personal liability coverage to an additional household member who is not on the deed or not married or related to the named insured.

**ML-24A Residence Special Loss Settlement Endorsement** (similar to the industry's "Guaranteed Replacement Cost" with a 125% limitation) Roof, plumbing, heating and electrical systems need to have been fully updated within the last 20 years. Coverage A must be written at 100% replacement cost. Not eligible: homes that contain lead or asbestos.

**ML-29 Assisted Living Care Facility Resident Coverage** extends personal property (10%) and personal liability coverage to someone who does not live with the insured but who is related to the insured by blood, marriage or adoption, and who regularly resides in an assisted living care facility located in New York State. The name of the individual and the name of the facility are listed on the form.

**ML-64H Higher Limits on Certain Property:** Provides higher sub-limits of personal property, contact the underwriting department for maximum limits available.

**ML-59 Lead Exclusion** will be added to all multi-family homes, vacant, unoccupied or homes that are under renovation, and to homes that have any rental exposure.

**ML-70 Additional Residence Rented to Others:** This form is no longer offered unless the rented dwelling is on or next to the described location.

**ML-72 Added Water Damage Coverage** Allows the purchase of additional Water Backup coverage in excess of the SMIC-ML-150B (\$2,500) up to **\$20,000**. Premium charge is only for the limit in excess of \$2,500. Total limit including the \$2,500 from the SMIC-ML-150B is listed on the form.

**SMIC-ML-150B Homeowner's Plus Coverage:** Automatically included at no additional charge and includes: Higher sub-limits on Certain Property, Additional Personal Liability \$100,000, Additional Medical Payments to Others \$1,000, Damage to Property of Others,

Ordinance and Law \$20,000, Personal Injury Coverage, Refrigerated Food Products \$500, and Water Back-up \$2,500.

**ML-165A Storm/Hurricane Shutters:** Enables a credit for residences with conforming shutters on all window and door openings.

**ML-166 Hurricane Resistant Glass:** Enables a credit for dwellings with approved Hurricane Resistant Glass throughout the entire dwelling.

**ML-189 Identity Fraud** Mandatory on all New and Renewal business. Not available on Secondary Homeowners.

**Inflation Guard Coverage:** automatically included.

**ML-346A Mechanical, Electrical or Pressure System Breakdown:** Mandatory on all new and renewal business.

**ML-373H Hurricane Deductible:** Mandatory and only available in Kings, Nassau, Queens, Richmond and Suffolk Counties. A \$1,000 deductible applies for all Category 1 Hurricanes (determined by the Safir/Simpson Hurricane Scale). The hurricane deductible for all Category 2 and higher storms is determined by a percentage of the Coverage A limit (see rating manual). There is no change in our Coastal Underwriting Guidelines.

**ML-375 Siding or Roofing Matching Coverage** enhances coverage (up to 10% of Coverage A) in the event the materials at the time of a covered loss are no longer available. Dwelling must be 25 years old or newer at time of this coverage attachment; not available on t-lock shingle roofs or faded siding.

**ML-430 Renewal Endorsement:** Enables continuous renewal by Certificate rather than with a complete set of forms at each renewal.

**Actual Cash Value – Residence Coverage A:** not available. Replacement cost coverage is mandatory. If ACV is desired, refer to our **Standard Homeowners Program**.

**Animals owned by tenants or owner-occupants** showing vicious propensities or aggressive behavior shall be cause for exclusion, coverage cancellation or nonrenewal due to the obvious injury hazard.

**Bed and Breakfasts - Owner occupied** are eligible for coverage in this program with up to four rooms by adding the **ML-42** Form. The number of rental rooms must be stated on the application. For three and four rooms, add the ML-70.

**Boats** can be added (**MR-51 Physical Damage, ML-75 Liability**) to a Homeowner Policy with a 25% discount. Watercraft with inboard, inboard/outboard or outboard motors less than 50 HP and sailboats less than 26 feet are automatically covered under Coverage L and M. Sailboats, Inboard-outboard and Outboard engines only are permitted for Physical Damage (**MR-51**). Inboard motorboats are not eligible for Physical Damage coverage.

**Required information: Boat with outboard motor:** year, make, model, serial number, length, value of the boat; year, make, model, serial number, horsepower, value of the motor.

**Inboard/Outboard boat:** year, make, model, serial number, length, horsepower, value, maximum speed, navigation period.

**Inboard Boat:** description of boat, speed, length, maximum speed, navigation period.

Maximum Horsepower: 260 **Canoes, paddle boats, kayaks, row boats** available for use by tenants require a separate commercial fire policy (boats, no motor, for hire). Signed waiver, including statement that crafts are not available for rent by the public and are for the sole use by tenants with permission, is required.

**Condominiums** are not eligible for coverage in this program. Refer to our **Standard Homeowners Program**.

**Corporal Punishment** coverage part under Business Pursuits coverage is not available as it is prohibited by statute.

**Coverage A minimum** limit is 90% RCV.

**Day Care** coverage may be written for childcare or babysitting under the **ML-42** when there are no more than three children total. Named insureds' children count if under school age.

**Earthquake Coverage (ML-54)** requires prior Underwriting approval.

**Farm properties** are not eligible for coverage unless the farm a "GENTLEMEN'S FARM" for personal use only. Farm outbuildings could be referred to **Custom Program**.

**Farmers CPL (ML-10)** allowed for INCIDENTAL FARMING, i.e., personal consumption, cutting hay or renting out property, ONLY.

**New Home Discounts** of 5-10% are available – see Rating Manual.

**Non-smoking Credit of 10%** is available. Insured must warrant that all residents of the household have been non-smokers for at least one year. If a smoker becomes a permanent resident, company must be notified within 30 days and loss of credit will result until such time that smoker moves or meets the one year non-smoking requirement. The credit is also available on two family owner-occupied homes only if the owner can warrant that all residents are non-smokers.

**Private structures rented to others on premises (ML-40)** maximum limit is less than Coverage A. If higher limits are needed, a Landlord Package policy should be written. Private Structures occupied by a family member (even if no rental income is collected) are considered rented to others as there is a separate household. If furnished for vacation rentals, use the **ML-42** form.

**Renewal conversions** are treated as new business – a new application with updated underwriting information is required.

**Renewal Credit of 5%** is offered automatically. after the first renewal. It is also available when an existing policyholder purchases a new home.

**Retail occupancies/operations** are not allowed under incidental business coverage (ML-42) unless operated for less than 20 hours per week. Prior underwriting approval of such risks is required.

**Satellite Dish coverage (ML-49):** Only the cost of the outside components should be insured on this form, as the inside receiver is covered under personal property.

**Students – Full Time** away from home are covered under the policy for up to 10% of Coverage C, or \$2,500 whichever is greater, and for liability

**Superior Home Credit** – 10% credit – Requirements: 40 years or newer with a 25-year-old roof, or full updates in last 20 years; agency must request the credit. Year of construction and specific update information on roof, electrical, plumbing and heating systems required. Available on homes located in Zone 1 only.

**Swimming Pools** – inground pools require a perimeter fence with gate that locks, above ground pools require locking ladder or locking gate if there is a deck. **Pools and the rental of residence charge:** We would prefer to avoid rentals on homes, primary or secondary, with pools altogether, however, we will consider exceptions with underwriting approval. To consider a home for an exception, we would like the pool surrounded by a perimeter fence with a locking gate to prevent access to the pool when it is not in use and a Hold Harmless agreement clearly stating that the short-term tenants are using the pool at their own risk. If there is direct access from the home to the pool area, there needs to be a door alarm and/or floating alarm to alert tenants of someone being in the pool area.

Only **Solid Fuel Burners** (SFB) that have been professionally and properly installed and properly maintained are permitted. Completion of our SFB Questionnaire is required. SFBs used in garages are not acceptable. **Outdoor Wood Boilers** must be professionally installed; completion of our Outdoor Wood Boiler Questionnaire is required.

**Trampolines:** will be excluded, signed ML-52 Trampoline Exclusion required. To request the removal of the exclusion, submit a signed Request to Remove the ML-52 Trampoline Exclusion with a completed Trampoline Questionnaire.

**Vacation Rentals** (Airbnb, Inc. Vrbo®): rental of residence surcharge for up to three months is available when the whole home is made available to short term tenants. For rentals of the whole home, greater than three months, use a Landlord Package with a seasonal charge for year-round vacation rentals or a seasonal Dwelling Fire policy for homes that are closed up for the winter. Use the **ML-42** if up to four rooms in the home or another structure on the premises is available for short-term rentals. Add ML-70 for 3 and 4 rooms.

### **UNDERWRITING GUIDELINES and INFORMATION**

Coverage is available on **1-4 family rental Dwellings** and double wide mobile homes on a continuous masonry foundation. Dwellings must be occupied solely for residential purposes. **Not eligible:** single wide mobile homes; double wide mobile homes not on a continuous masonry foundation, seasonal mobile homes, student housing, incidental business/office occupancies, **premises with pool unless the tenant is related to the landlord**.

Policyholders are expected to comply with hazard reducing loss control recommendations.

**Absentee landlords:** These risks are unacceptable **unless the local property manager or caretaker lives up to an hour away; name and address are required with the application**.

**Animals owned by tenants or owner-occupants** showing vicious propensities or aggressive behavior shall be cause for exclusion, coverage cancellation or nonrenewal due to the obvious injury hazard.

**Canoes, paddle boats, kayaks, row boats** available for use by tenants require a separate commercial fire policy (boats, no motor, for hire). Signed waiver, including statement that crafts are not available for rent by the public and are for the sole use by tenants with permission, is required.

**Day Care** on premises makes the risk not eligible.

**Dwellings must be occupied** within 45 days of inception. If not occupied at inception, the broadest coverage available is the FL-1R Basic Form without VMM. A 50% vacancy or a 25% unoccupied surcharge will apply. Coverage may be upgraded, and the surcharge removed as of occupancy date. The Company reserves the right to cancel new business within the statutory window.

**No farm or business outbuildings** may be insured.

**FL-1R Basic Policy Form:** This form is the broadest coverage available for dwellings with open or pier foundations, without central heat, **vacant, unoccupied, or under renovation.**

**FL-2B Broad Form:** Maximum coverage available for: dwellings with roofs over 25 years old; homes with boat access only.

**FL-3B Special Form Coverage Eligibility:** Only available on tenant-occupied dwellings with a roof that is 25 years old or less. Not eligible: Dwellings with flat roofs and attached to other structures, dwellings located in zone 2.

**FL-33 Functional Replacement Cost Provision:** To be used when the applicant is planning to rebuild the home with different square footage or features resulting in a lower replacement cost than if the home is rebuilt with current square footage and features. A replacement cost estimator with desired square footage and features is required when this form is attached to the policy.

**FL-124 Roof Surface Actual Cash Value Loss Settlement:** Roof must be at least ten years old or have existing damage from either weather conditions or trees.

**FL-360 Ordinance Or Law:** Roof, plumbing, heating and electrical systems need to have been fully updated within the last 20 years. Coverage A must be written at 100% of the estimated replacement cost. Not eligible with FL-1R Basic Form Coverage, short-term rentals, or with homes that contain lead or asbestos. Not available with FL-33 or FL-124.

**FL-375 Siding And Roofing Matching:** enhances coverage (up to 10% of Coverage A) in the event the materials at the time of a covered loss are no longer available. Dwelling must be 25 years old or newer at time of this coverage attachment; not available on t-lock shingle roofs or faded siding.

**ML-16 Comparable Value Endorsement:** For well-kept homes, in good condition, and the insureds choose to insure the home for less than 80% but at least 50% of the estimated replacement cost on an actual cash value basis. This form, at no additional cost, eliminates the co-insurance penalty on partial losses.

**Occupancy:** one of two, two of three, three of four, units need to be occupied to avoid a vacant or unoccupied/seasonal charge.

**Responsible Landlord Credit** is afforded when the lease agreement contains a provision requiring tenants to maintain a tenant homeowner's policy which includes liability coverage.

**Short-term Vacation Rentals** are eligible as long as the dwelling is open year-round. However, if they are closed over the wintertime, they may be written under our **Dwelling Fire Program** subject to prior underwriting approval. For FL-2B or FL-3B, the insured agrees to winterize/drain the water supply system, and turn off water, OR install a 24-hour low temperature monitoring system, with scheduled automatic fuel delivery, and year-round accessibility, AND install an automatic water shut-off device.

**"SINCE" Rating Plan:** Full renovation updates, within the last 20 years, to the plumbing, heating and electrical systems as well as the roof are needed to access our SINCE rating plan for buildings built prior to 1960.

**SMIC-FL-105 Landlord Package Special Form;** requires year-round occupancy, minimum Coverage A limit of \$150,000, replacement cost coverage on dwelling, on all forms of coverage if home qualifies for "SINCE" Rating Plan. **Not available with FL-33 and FL-124.**

Only **Solid Fuel Burners** (SFB) that have been professionally and properly installed and properly maintained are permitted. Dwellings where the SFB is the only source of heat, and there is no permanent back-up, qualify for the FL-1R Basic Form only. SFBs used in garages are not acceptable. **Outdoor Wood Boilers** must be professionally installed.

**Student Rentals:** Not acceptable. Refer to **Custom Program**.

**Swimming Pools:** Refer to **General Information - All Lines of Business, page 6**.

Rental properties with any kind of pool are not acceptable unless the tenant is related to the landlord; proof of tenant homeowners coverage required with application.

**T-lock shingle roofs** are acceptable with a \$1,000 deductible, FL-3 Special Form if the roof is 25 years old or newer.

**Trampolines:** FL-52A Trampoline Exclusion is a mandatory form

**VMM:** not available on homes that are vacant, unoccupied, or under renovation.

**Zone 2:** is a function of the responding Fire Department, not necessarily the location address. The broadest coverage available is the FL-2B Broad Form on an Actual Cash Value basis with a \$500 minimum deductible. There can be no losses in the last five years, and there must be at least 12 feet of separation between dwellings. Risks that have been in the NY Fair Plan, cancelled or non-renewed are not eligible.
